

# Group on Earth Observations

*UIC 11<sup>th</sup> Meeting – Stresa, Italy*

## **GEO Work Plan – Part 1**

***This session gives a status on several activities the UIC is currently engaged in.***

### **Task Sheet Analysis**

*This item is linked to the UIC's responsibility to address the user element in all tasks in the Work Plan. We briefly presents the analysis of the User Engagement section in all of the Task Sheets.*

### **GEO Call for Proposals – Earth Observations in Decision Support**

*A status of the CBC/UIC CFP and opportunities to support the proposal review process.*

### **Task US-09-01a Status**

*A status on the schedule and presentation of initial findings from 4 SBAs.*

# Group on Earth Observations

*UIC 11<sup>th</sup> Meeting – Stresa, Italy*

## **GEO Work Plan – Part 2**

***There are 9 User Engagement tasks in the 2009-2011 Workplan assigned to the UIC (see handout in packets).***

**In this session, UIC needs to determine which tasks UIC wants full reports from at the next two meetings. UIC needs to determine if there is missing information that we want the task leads to gather to support UIC's understanding of the task and task progress.**

# Group on Earth Observations

*UIC 11<sup>th</sup> Meeting – Stresa, Italy*

## User Engagement Tasks
